

**Wilson Site Council Minutes
January 25, 2010**

Introduction of members present: Tom Meagher, Taryn Leiker, Anita Scheve, Nancy Stramel, Jennifer Fields, Mike Smith and Sandra Meyers.

Chairperson will be James Leiker and recorder is Sandra Meyers.

Teacher In-Services for the semester are January 18th & February 15th. One of the main topics being discussed is the new reading series recently implemented. Those giving instruction at the in-service include JoAnn Jennings (Reading), Jerry Braun (Math) and Alisha Brungardt (Technology).

Assessments are to begin the last week of February. Criteria was discussed along with a listing of the “Best Practices for Testing – Do’s and Don’ts”. Home and School has purchased “Study Island” which has been a useful tool helping to instruct and prepare students for assessments.

The 2010-2011 and 2011-2012 school calendars were handed out for review.

There was discussion on a recycling project / grant opportunity. A scale and barrel would be needed for each classroom and a grant is being pursued to offset the cost. Recycling of batteries, paper, etc. would be a good science and environmental educational learning experience.

School finance continues to be an issue. Enrollment did increase this year.

Some of the building improvements include new carpeting in the hallways, phones, door handles for each classroom with lock on inside of the room and a new janitorial steamer/vacuum.

Kindergarten Round Up to be held February 22nd.

No February Site Council meeting. Will meet again March 22nd.
